What Technical Document(s) would you like to see created or migrated to Confluence?

There are several documents in different places, including the official ACS website, the ACS repository, etc. The idea is to start standardizing the documentation in the ACS confluence page.

This poll is to allow the community to give their input into what is their priority for the documentation.

Container	14%	3 votes
Notification Channel	10%	2 votes
Manager	5%	1 vote
Client	5%	1 vote
Component	14%	3 votes
ACS Arquitecture	19%	4 votes
Logging	14%	3 votes
Component Simulator	5%	1 vote
Monioring and Alarms	14%	3 votes
